

Fields Of Gold

You'll re[Em]ember me when the [C] west wind moves
[Am] Among the [D] fields of [G] barley
You can [Em] tell the sun in his [C] jealous sky
When we [Am] walked in [D] fields of [G] gold

So she [Em] took her love for to [C] gaze awhile
[Am] Among the [D] fields of [G] barley
In his [Em] arms she fell as her [C] hair came down
[Am] Among the [D] fields of [G] gold

Will you [Em] stay with me will you [C] be my love
[Am] Among the [D] fields of [G] barley
And you can [Em] tell the sun in his [C] jealous sky
When we [Am] walked in [D] fields of [G] gold

[C] I never made [D] promises [G] lightly
[C] And there have [D] been some that I've [G] broken
But I [C] swear in the [D] days still [Em] left
We will [Am] walk in [D] fields of [G] gold
We'll [Am] walk in [D] fields of [G] gold

See the [Em] west wind move like a [C] lover so
[Am] Upon the [D] fields of [G] barley
Feel her [Em]body rise when you [C]kiss her mouth
[Am] among the [D] fields of [G] gold

Many [Em] years have passed since those [C] summer days
[Am] Among the [D] fields of [G] barley
See the [Em]children run as the [C]sun goes down
As you [Am]lie in [D]fields of [G]gold

You'll [Em] remember me when the [C] west wind moves
[Am] Among the [D] fields of [G] barley
You can [Em] tell the sun in his [C] jealous sky
When we [Am] walked in [D] fields of [G] gold
When we [Am] walked in [D] fields of [G] gold
When we [Am] walked in [D] fields of [G] gold
