

Ft. Worth Blues

Capo 5 – play G

In [C]Ft. Worth all the [F]neon's burnin' [C]bright.
Pretty [G]lights of red and [C]blue
But they'd shut down all the [F]honky tonks [C]tonight
And say a prayer or [G] two If they only [C]knew

You [C]used to say the [F]highway was your [C]home
but we both [G]know that wasn't [C]true
It's just the only [F]place a man can [C]go
When he don't [G]know where he's travelin' [C]to

But [F]Colorado's always clean and [C]healin'
And [F]Tennessee in Spring is green and [C]cool
It never really [F]was your kind of [C]town
But you went [G]around with the Ft. Worth [C]Blues

[C]Somewhere up [F]beyond the great [C]divide
Where the sky is [G]wide and the clouds are [C]few
A man can see his [F]way clear to the [C]light
Just hold on [G]tight That's all you gotta [C]do

And [F]they say Texas weather's always [C]changin'
And [F]one thing change'll bring is somethin' [C]new
And [C]Houston really [F]ain't that bad a [C]town
So you hang [G]around with the Ft. Worth [C]Blues

[BREAK – same as verse]

There's a [C]full moon over [F]Galway Bay [C]tonight
Silver [G]light over green and [C]blue
And every place I [F]travel through, I [C]find
Some kinda [G]sign that you've been [C]through

But [F]Amsterdam was always good for [C]grieving
And [F]London never fails to leave me [C]blue
Paris never [F]was my kinda [C]town
So I walked [G]around with the Ft. Worth [C]Blues
