

Ft. Worth Blues

Capo 5 – play G

In [G]Ft. Worth all the [C]neon's burnin' [G]bright.
Pretty [D]lights of red and [G]blue
But they'd shut down all the [C]honky tonks [G]tonight
And say a prayer or [D] two If they only [G]knew

You [G]used to say the [C]highway was your [G]home
but we both [D]know that ain't [G]true
It's just the only [C]place a man can [G]go
When he don't [D]know where he's travelin' [G]to

But [C]Colorado's always clean and [G]healin'
And [C]Tennessee in Spring is green and [G]cool
It never really [C]was your kind of [G]town
But you went [D]around with the Ft. Worth [G]Blues

[G]Somewhere up [C]beyond the great [G]divide
Where the sky is [D]wide and the clouds are [G]few
A man can see his [C]way clear to the [G]light
Just hold on [D]tight That's all you gotta [G]do

And [C]they say Texas weather's always [G]changin'
And [C]one thing change'll bring is somethin' [G]new
And [G]Houston really [C]ain't that bad a [G]town
So you hang [D]around with the Ft. Worth [G]Blues

[BREAK?]

There's a [G]full moon over [C]Galway Bay [G]tonight
Silver [D]light over green and [G]blue
And every place I [C]travel through, I [G]find
Some kinda [D]sign that you've been [G]through

But [C]Amsterdam was always good for [G]grieving
And [C]London never fails to leave me [G]blue
Paris never [C]was my kinda [G]town
So I walked [D]around with the Ft. Worth [G]Blues
