

Blue Umbrella

CAPO 2 – play C

{C}Feelings are strange {F}especially when they {C}come true
and I had a feeling {G}you'd be leaving {C}soon
so I {C}tried to rear{F}range all my {C}emotions
but it seems the same no {G}matter what I {C}do.

Chorus:

{C}Blue umbrella {F}rest upon my {C}shoulder
hide the pain while the {G}rain makes up my {C}mind
well, my feet are wet from {F}thinking this thing over
and it's {C}been so long since I {F}felt the warm sun{G}shine
{F}Just give {G}me one good {C}reason
and I {F}promise I won't {G}ask you any {C}more
{F}just give {G}me one extra {C}season
so I can figure {G}out the other {C}four.

{C}Day time makes me {F}wonder why you {C}left me
Night time makes me {G}wonder what I {C}said
Next time are the {F}words I'd like to {C}plan on
But, last time was the {G}only thing you {C}said.

Chorus:
