

# CLAY PIGEONS

Capo 5

I'm goin' [G]down to the Greyhound Station, gonna get a [C]ticket to ride  
Gonna [G]find that lady with two or three kids and sit [D/F#]down by her side  
[G]Ride 'til the sun comes up and down round me 'bout [C]two or three times  
Smokin' [G]cigarettes in the last seat  
Hide my [D/F#]sorrow from the people I meet  
And get [G]along with it all where the [C]people say "y'all"  
Sing a [G]song with a friend. Change the [D/F#]shape that I'm in,  
And get [G]back in the game and start [C]playin' again [G]

I'd like to [G]stay but I might have to go to start [C]over again  
Might go [G]back down to Texas, might go to somewhere that [D/F#]I've never been  
And get [G]up in the mornin' and go out at night  
And I won't [C]have to go home. Get used to [G]bein' alone.  
Change the [D/F#]words to this song and start [G]singin' again[C G D/F#]

## [BREAK]

I'm tired of [G]runnin' 'round lookin' for answers  
to questions that I [C]already know  
I could [G]build me a castle of memories just to have [D/F#]somewhere to go  
Count the [G]days and the nights that it takes to get back in the [C]saddle again  
Feed the [G]pigeons some clay Turn the [D/F#]night into day  
Start [G]talkin' again, when I [C]know what to say [G]
