

Feelin Alright

[C]Seems I've got to have a [F]change of scene
[C]Cause every night I have the [F]strangest dream
[C]Imprisoned by the way it [F]might have been
[C]Left here on my own or [F]so it seems
[C]I've got to leave before I [F]start to scream
[C]But someone's locked the door and [F]took the key

CHORUS:

Feelin' [C7]alright? I'm not feelin' too [F7]good myself
Feelin' [C7]alright? I'm not feelin' too [F7]good myself

[C]Boy you sure took me for [F]one big ride
[C]And even now I sit and [F]wonder why
[C]That when I think of you I [F]start to cry
[C]I just can't waste my time I [F]must keep dry
[C]Got to stop believin' in [F]all your lies
[C]Cause there's too much to do [F]before I die

CHORUS:

[C]Don't get too lost in [F]all I say
[C]Like the time I really [F]felt that way
[C]But that was then and [F]now it's today
[C]Can't get off yet and so I'm [F]here to stay
[C]Till' someone comes along and [F]takes my place
[C]With a different name, yes, and a [F]different face

CHORUS:

[again if you want]
